

My Act Report

PRESENTED BY: ONOJAKE MERCY

Data Analyst Nano degree student, Udacity

Introduction of the Report

This report is basically to explain the visualisations that emerged as a result of questions asked for its analysis of the werateDogs services.

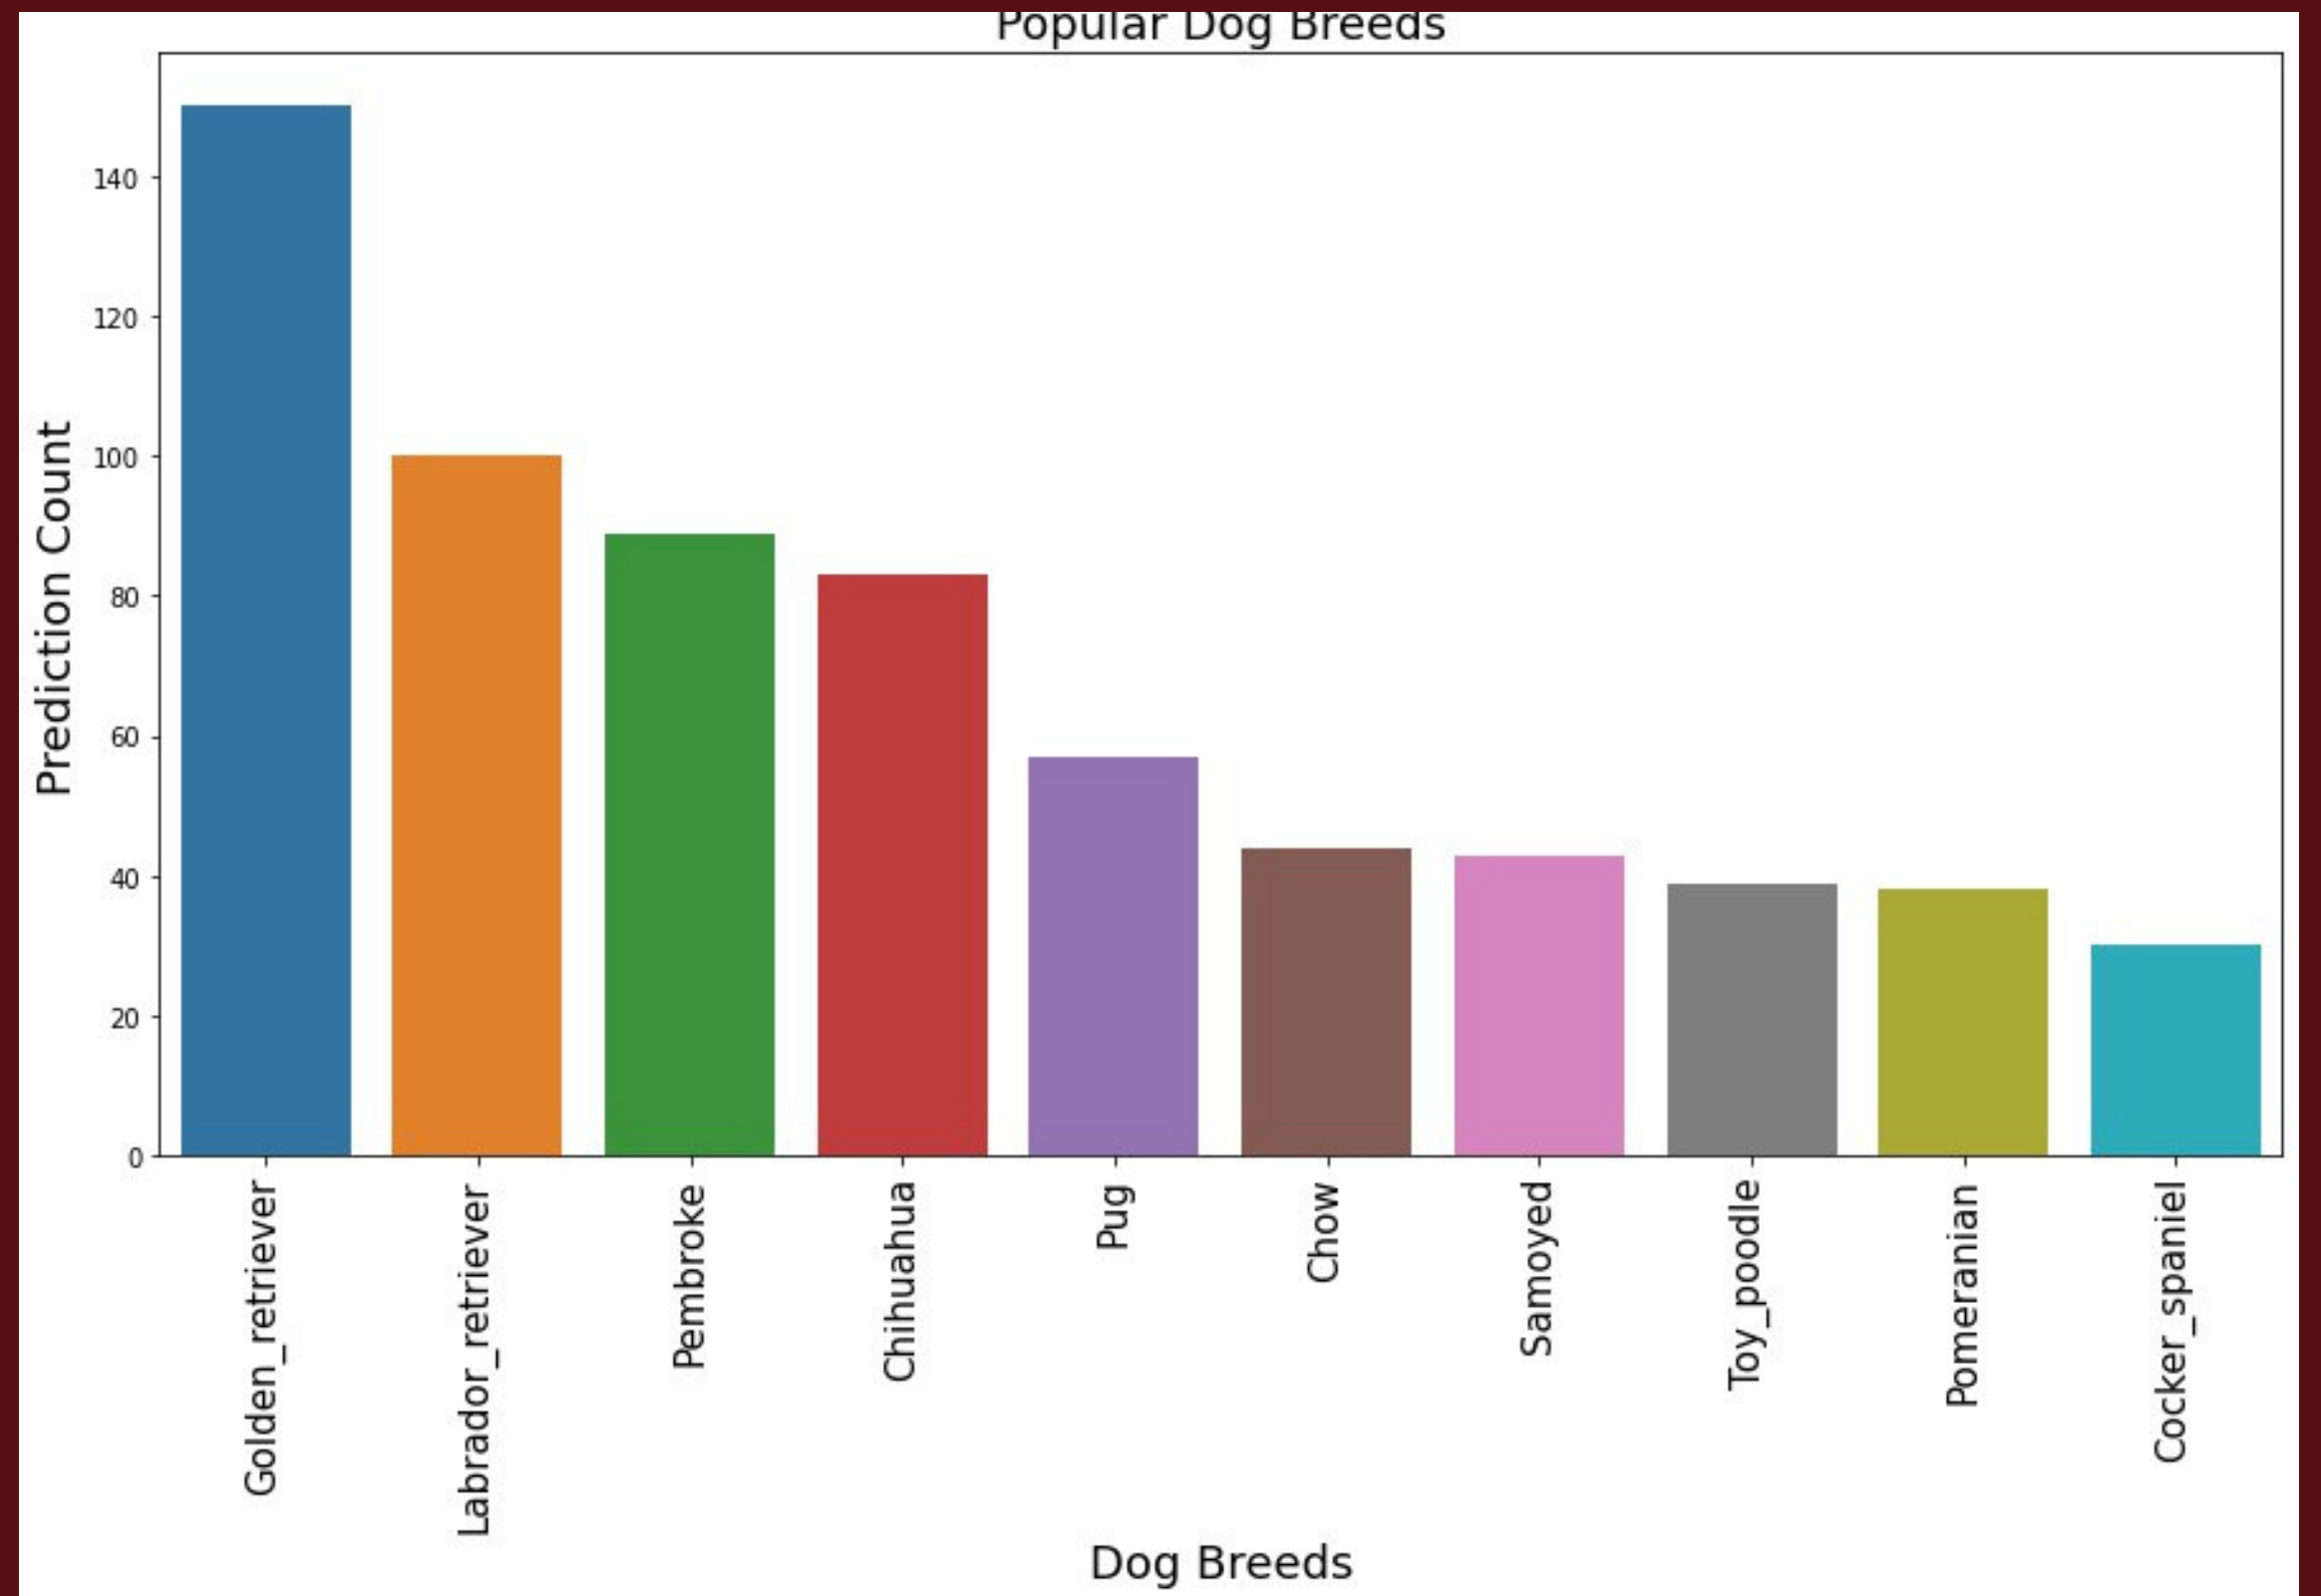

This project is a combination of three data sets which generally shows us the ratings of dogs on the @werate_dogs twitter profile.

Questions asked for Analysis

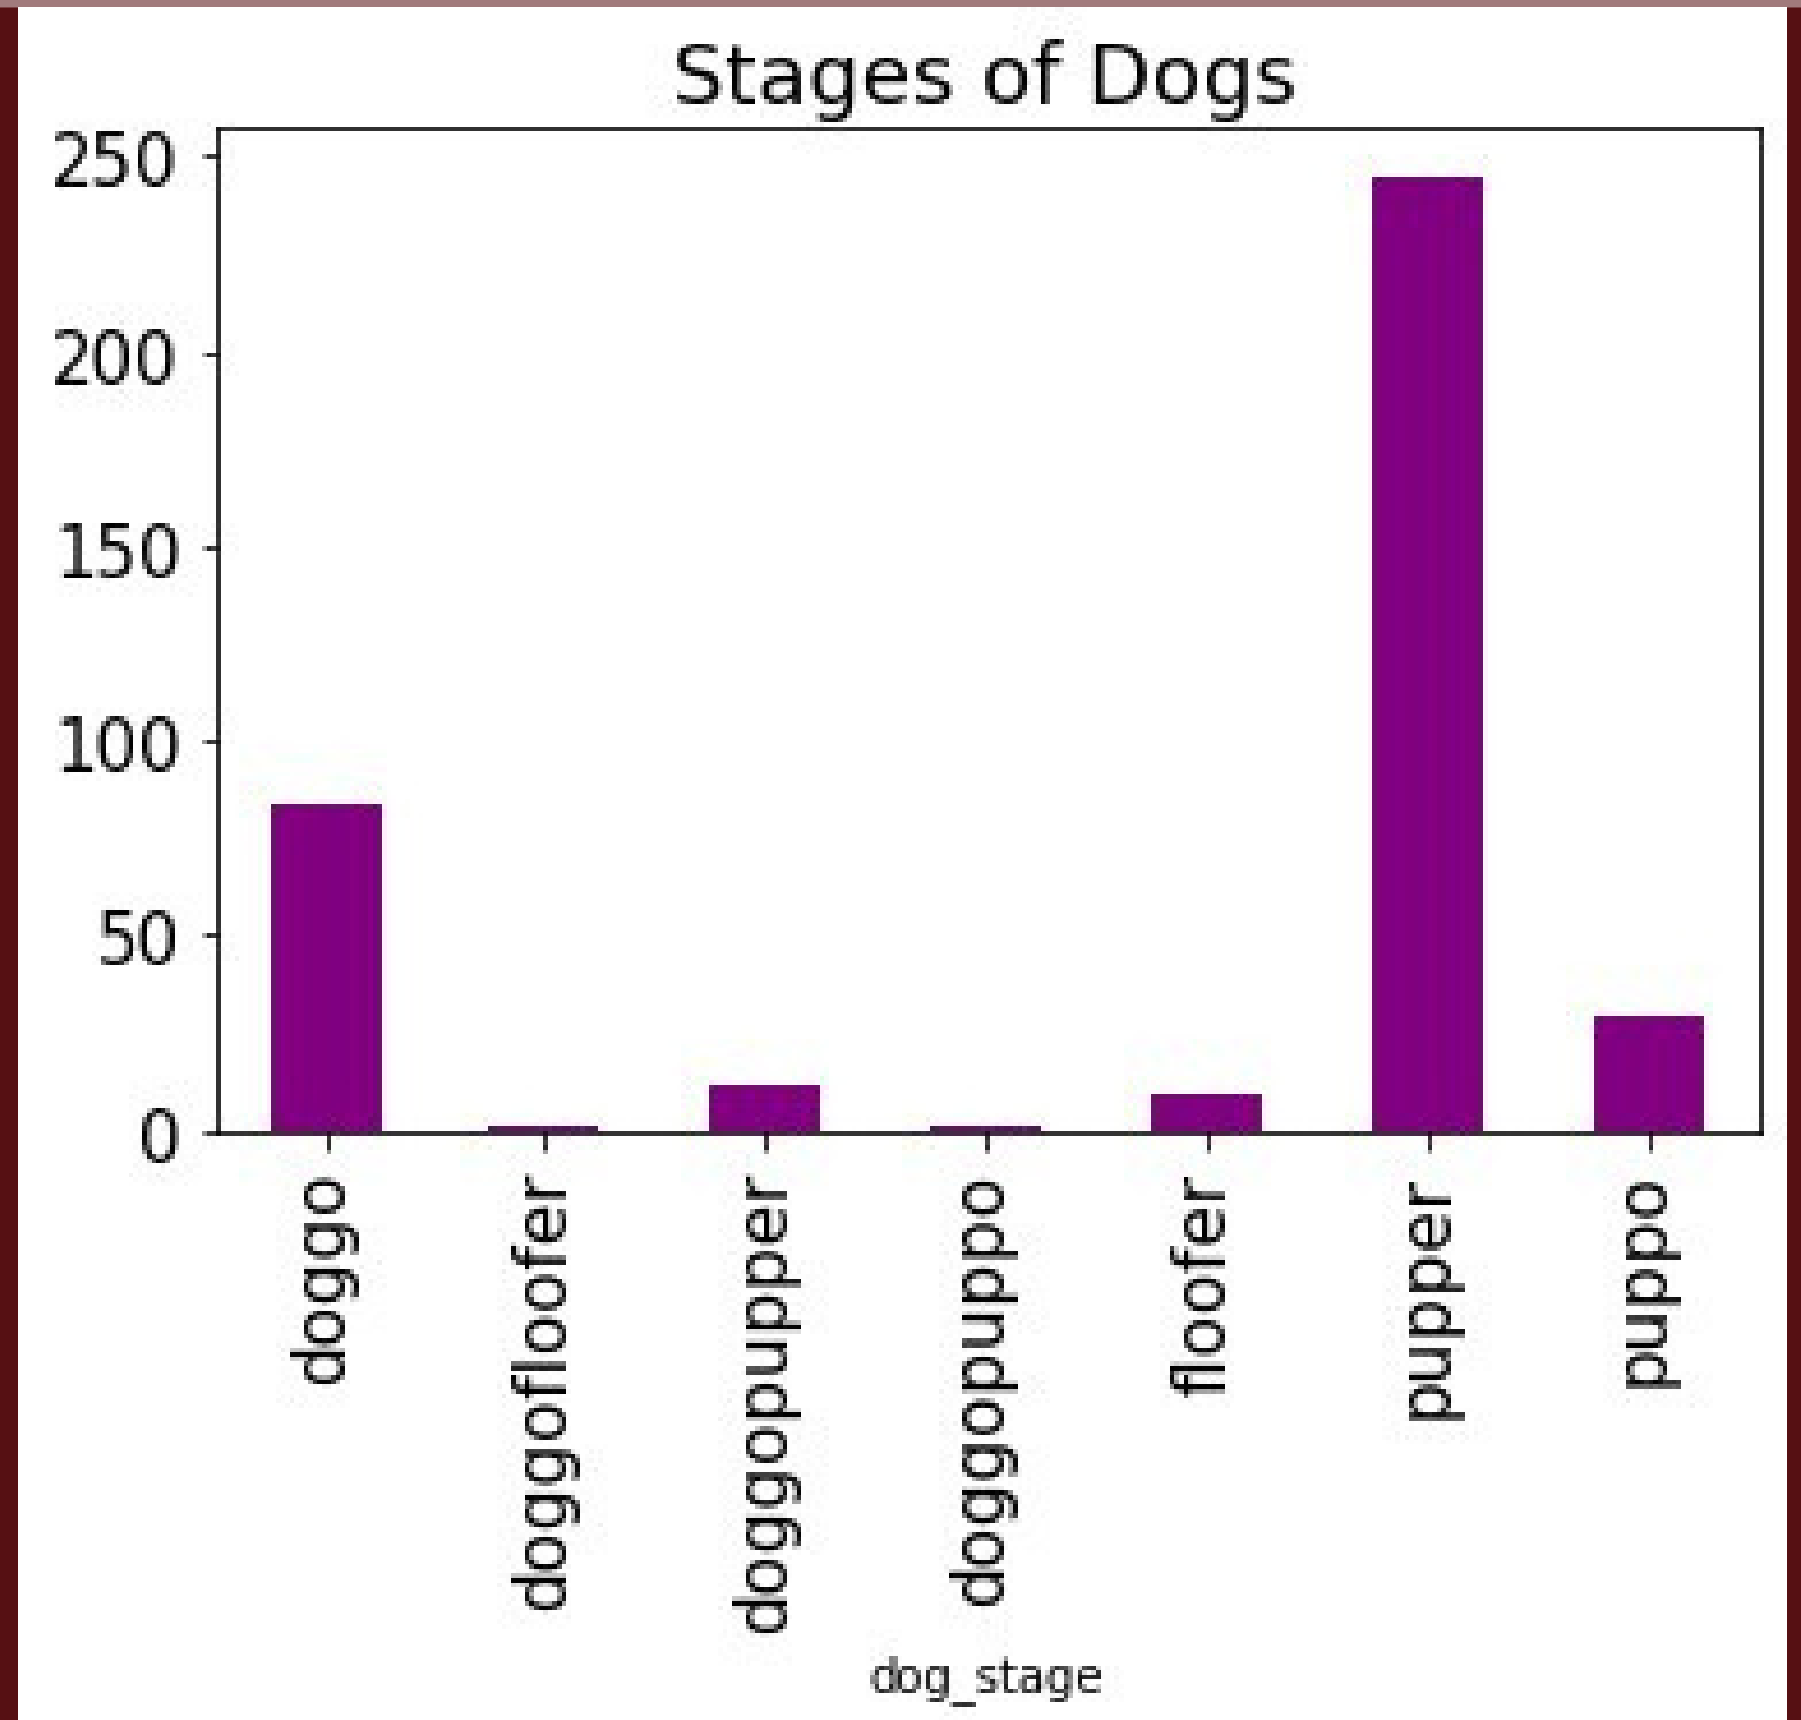

1. Which of the dog breeds is popularly used?
2. What stage of the dog population is the largest?
3. What year was recorded to have the largest amount of users?
